LIABILITY FOR TREASON AND ESPIONAGE

CPYRGHT

PREFACE

What is espionage, what are its modern forms and methods, and what actions constitute treason, what promotes the accomplishment of such serious crimes — you will receive the answer to all these and many other questions in this book, written by a judge, Candidate of Juridical Sciences G.Z. Anashkin.

In this book it is related how the consequences of the personality cult were eliminated in the practice of the struggle with especially dangerous crimes against the state. In it is analyzed the history of the development of legislation on liability for treason and espionage, and it is shown how at the present time the struggle with these crimes is accomplished.

In this work it is also related how the subversive activities of the agents of imperialist intelligence services against the USSR and other countries of the socialist alliance are activated. The book again reminds us of the precept of the importal Julius Fucik: "People, be vigilent!"

a secret police agent/, a jurist specialist, and a student of a juridical higher educational institution, and a soldier of the Soviet Army; a worker of the maritime fleet who is sent on a foreign voyage; a worker of the militia and the people's volunteer militia; a propagandist, lecturer, or speaker, proparing for a talk on vigilence; a worker, kolkhoz member, or employee who is preparing for a trip to a bourgeois country as a tourist, or any other reader, interested in the given subject.
